

ONE Networking Events

Contributed by Gavin Allday

ONE Business Events in the UK offer you three hours of intense networking with other businesses. Unlike many other networking events, ONE brings together all the most popular networking groups, including the Chamber of Commerce, Chartered Institute of Marketing, Chartered Management Institute, BNI, Business Link etc. to network under one roof.

The events incorporate:

- Networking Training
- Informative Break-out sessions
- Speed Networking and other successful networking techniques
- An introduction to local networking groups

The next ONE event will be taking place on the 28th July 2010. To book tickets, please visit the [Events Calendar](#)
